

The Town Council held a special meeting Tuesday night, Nov. 9, 1948 in the Council room. Those present were Mayor J. W. Thomas, Council men H. W. Gwaltney, J. S. Turner, J. W. Amos, J. W. Lutz Jr., C. W. Gwaltney, W. H. Sells Jr., Attorney G. F. Whitley Jr. and Visitor F. M. Bonnett.

The Mayor called the meeting to order and asked for the unfinished business began proceeding with the budget.

The following names for additional firmen were presented and duly passed in: Richard Halland, Robert Lane, Bill Felt, Leon Wells, Horace Staggz and John R. Stallings, Jr.

A letter from N. W. S. Griffin Jr., Resident Engineer of State Highway Department was read stating no definite allocation from the Highway Department had been made for survey in the Horn of Omurgin and that such allocation would have to come from the Richmond office.

The following bids for installing and removing
Christmas lights were presented: R. L. Thompson - \$175.00
and Dale Electric Co \$140.00, Dale Electric Co. to be
covered by the town insurance. On matter made by
J. W. Lutz Jr., second by J. E. Turner the bid by
Dale Electric Co. was accepted with the provision
that lights be only to burn on Nov. 29, cut off
on Jan. 2. and lights to burn from 5 P. M. till 11:30 P. M.
The matter was duly covered.

The bills for the winter were presented and ordered paid.

The following Committee head names were changed to agree with the set-up of the Town books:

H.W. Walter	Chairman	Finance Committee
J.W. Ant Jr.	"	Public Safety - Police Division
W.H. Sykes Jr.	"	"
J.W. Ames	"	Public Welfare
J.E. Tupper	"	Public Works.

The Attorney stated to Munter Johnson was requesting the favor to have the County School District Board reappoint P.D. Jewett, III, in the School Board to represent Springfield School District and to get the next Legislature to introduce the law allowing the Council the right to appoint the representatives on the School Board from Springfield School District. The Attorney recommended that the above be done. On motion made by J. W. Lutz Jr. second by W. H. Sykes Jr. the recommendation of the Attorney was accepted and the Attorney and Mayor were asked to see that same was done.

The project was presented and discussed at
some time established in the Union Free Times
Aug. 16th Nov. 16th.

The second making of the ordinance was held with a new ordinance of \$25.00 being levied on Pedlars selling to licensed dealers and retailers. The Attorney was asked to clarify the ordinance in those working by the hour and those having only one or two jobs in town.

W. H. Sykes Jr. representing in the Community Hall project stated that the lot in which the house Mrs. N. K. Jones stand could be obtained, at no additional cost to town, moving Mrs. Jones house to the town's vacant lot in corner of Institute St. and Grace St., this would give ample room for the new Community Hall over the old one being torn down. The cost to the Community Hall fund for the moving of the house would run from \$3000 - \$3500. Mr. F. M. Bennett, Trustee of the Community Hall fund, stated he would under-write this amount, since it would come under the necessary expenses of the project and could be taken from the donation. Mr. Ames made motion, seconded by Mr. J. W. Gwaltney that the change of lots between Mrs. N. K. Jones and the town be made at no cost to the town and with the provision that enough room be left in Institute street to lay a 4' 6" sidewalk. There voting "yes" J. E. Turner, J. W. Ames, J. W. Luter Jr., C. W. Gwaltney, W. H. Sykes Jr. and H. W. Gwaltney.

Mr. Gwaltney asked when the town contemplated fixing the street and gutter in Church street. The Council was undecided when to do the work of the town or the Highway Dept. and Mr. Luter suggested a committee go to Richmond and see what appropriation could be gotten from the Highway Dept. There being no further business, the meeting adjourned.

"6. That the said parties of the second part reserve the right to construct a basement on the location to which said dwelling house is to be moved, but in event they do construct any such basement all foundations adjacent to the said basement shall be constructed and furnished by said parties of the second part. And in event a basement is so constructed it shall be completed not later than July 1, 1949, provided, however, that should said Town decide to complete the moving of said buildings prior to September 1, 1949, it shall give said parties of the second part notice thereof and said parties of the second part shall complete the construction of said basement and adjacent foundations within sixty (60) days of the date of said notice; and,

Jones and the remainder to Mamie C. Jones and Nathan Kenneth Jones, the aforesaid vacant lot hereinbefore more particularly described and which was acquired by said Town by the deed aforesaid from Sallie A. Wright et al., reserving, however, to the said Town a strip of land four (4) feet in width running the entire frontage of said lot on Institute Street for use in the construction of a sidewalk. The Town Council held its regular meeting Tuesday, June 5, 1949 in the office of the Mayor. Those present were Mayor J.W. Thomas, Councilmen J.E. Town, H.W. Swallow, J.W. Amos, J.W. Lusk, J. W. Lusk Jr., John Ching, H. Hubbard, Li Ching, F. O. Chapman, Arthur J. F. Whitley, J. Visiter, R.W. Jones, W.D. Swallow Jr., J. J. Probst.

The minutes of the last regular and special meeting were read and approved upon the Mayor asking that it be recorded. E.J. Cornwall had reported at the last regular meeting that the Mayor had never failed to cooperate with him.

The Mayor submitted his report which is recorded on page 22.

Dr. Amos reported that he had contacted Roy Hallman about hauling trash out of town and Dr. Hallman could not give him a price until found out how long it would take. Dr. Hallman bill for moving of March showed \$15.00 extra for out of town hauling. Dr. Amos was asked to put a definite commitment from Dr. Hallman for the \$15.00 for out of town hauling, which would be subject to cancellation by both parties.

The Town reported that the tree in front of S. Barber had been removed and sidewalk repaired, the street to be repaired in the near future. Dr. Town also reported that Dr. R.H. Edwards had asked that the town remove the tree in his yard next to sidewalk, the U.S. P. Co. Park, with the removal below the wires. It was decided that if the tree was not on town property, the town could not remove it.

It was brought to the attention of the Council that the curb near the Masonic Lodge had been broken when a new sewer line was laid, which had had place in the street. The Mayor was instructed to contact person responsible for the laying of sewer line and have them repair same. The Mayor requested that S. Main St. be kept open and parking on both sides be prohibited in order that the Town could get them in emergency.

The Town reported that town had no equipment for repairing streets. He was instructed to contact R. Griffith, S.D. Highway Dept. about borrowing one of the State's Tractor/rollers.

Dr. Whitley reported that the Building Committee of Methodist Baptist Church would like the town to help them remove the whole width of street beside the church or lay a concrete curb which could be used as a sidewalk next to the church. On motion motioned by

Mr. Lutz reported that Mr. H.W. Jones would
like to know when his name would be moved.
Mr. Jones was told that a definite date could
be given him at next Council meeting in May.

Mr. Swalley reported that complaints had
been made to him of a colored boy by name of
Clinton Hardy, who had been in an institution and
known to be a very friend, was suspected as one who
had recently broken into home of Mrs. M.W. Sullivan.
Mr. Hubbard was asked to report as he had been
called to investigate this break-in. Mr. Hubbard
gave a detail report of his investigation, he having
called in the Sheriff and Clinton Hardy, both
imprisoned upon the find having seen the colored
man but he was not identified on the ~~street~~
man seen.

Mr. Hubbard also reported on the work
of Police car in which he was riding with Mr.
Jones driving the car. In chasing a car ^{in front} of
owned by F.D. Wren, they followed this car out of
town, which was speeding at 70 M.P.H., the car they
chased failed to make a turn causing the
police car to turn over. The driver of the chased
car escaped. It was found that F.D. Wren Jr.
had used his father's car the same night but
claimed the car had been stolen while he was
in his father's workshop, however, he ~~did not~~
report the car as stolen.

Mr. Lutz reported that he had borrowed a
1937 model Ford for Police to use and asked bids
on fixing the car which ran from \$550-\$600,
allowance on new Ford and Chevrolet running from
\$900-\$975 difference, on motor made by W.H.
S. Jr., second by J.W. Am it was decided to
purchase a 8 cyl. Ford from Kells Motor Co.
Selling motor "yes" W.H. J., J.W. Am, Mr. Lutz
voting "no" J.E. Thayer, he wanted more
bids on 8 cyl. car and "Miss Swalley" feeling
the town was loading the bid in purchasing Ford
from Kells Motor Co.

A letter was read from R.E. Clay giving
the premium on Bodily Injury and Property Damage
showing \$7.00 more for 50,000-100,000 Bodily Injury
and \$5,000 Property Damage from 15,000-30,000
Bodily Injury and 5,000 Property Damage which the
towns present policy covers.

Mr. White read excerpts from a letter from
Attorney General stating the State, only, pays for
Justice and that the town attorney and trial justice

The Town had list of delinquent merchants license and we improved to have the Police Chief for collection.

were not completely jobs. Mr. White also reported that he had been unable to contact Judge William about holding Town Court in Town. It was suggested by Mr. White that the Town Trial Justice Court be set up in the next Legislature so that the Mayor, County Trial Justice or anyone else appointed to the Court can hold Court for town cases.

On motion made by H.W. Gwaltney, second by J. Turner, the town was authorized to have a sale of delinquent 1947 local estate tax. A report from the Town of Ben. P. Chapman Memorial Library was read showing a balance of \$178.07 in Nov 1st. and \$360.48 in maintenance fund.

Mr. J. D. reported that there was seepage from the sewer in front of S. F. Jett residence. The Mayor was instructed to make a complaint to Smithfield Water Co.

The bills for the summer were presented and ordered paid.

Mr. Jones reported that the lavatory installed in the jail would not pass inspection as was not right type. He was instructed to have R. L. Thompson make the correct type and install same. Mr. Hubbard reported the door to cells were changed.

There being no further business, the meeting adjourned.

The Mayor stated that the present Town limits on Church Street extended were not true and the Street Committee was asked to establish the correct Town limits.

On motion made by W. J. Hallows seconded by J. B. Town the Clerk was asked to write the legally Virginia Municipalities attorney reviewing the appropriation made by the Council for the proposed Community Hall in view of enlightening the Council of the legality of its action.

Dr. Ames report for the Principal of the Smithfield High School a policeman for the corner of Institute & Main Street at 2:30 each school day to direct traffic while program school children would be crossing the street. Dr. Ames was asked to report back to the principal that the town having only one policeman he couldn't be promised to be at any one place at a certain time each day.

The Mayor asked that the ordinance on parking of trucks on Main Street be amended to exempt pickups trucks. No action was taken.

It was brought to the attention of the Council that there were many who had not obtained town tags. The Mayor was asked to take action on same.

Dr. Ames reported that his Committee had investigated the Port and Siles' colored development for drainage and found it satisfactory. It was suggested that the Committee contact the Portland Cement Co. on obtaining by lease, since it was understood they would not sell, a moving on the power of J. J. Edwards. Mr. Hallows volunteered to do this and on motion made by J. B. Town seconded by H. W. for after the Committee was given the authority to act, if possible to obtain this land from Portland Cement Co. for lot, dump.

The Mayor brought to the Council's attention that it was due time the town had extended their city limits, and this should be done before the 1950 census taken. He suggested that Main Street be extended to East Spring Run road, Long Street through the High School, include Railroad and the industrial section on Route #10, this would increase the population 500, increase the revenue \$600 in ABC Propts and Real Estate taxes. The Mayor appointed the

A letter was read from Town Survey requesting
information on the Town's Cemetery Dept and we found
Smythfield Water Co. stating the fire hydrant
in front of Smythfield school had been moved.
The report of fines collected for the month
of August was read.
The bills for the month were presented
and ordered paid.
The bids on the bricks and broken concrete
removed from sidewalks were opened and read
as follows: W. S. Staphors \$11.00 for entire pile of
concrete and L. W. Swalley \$115. for entire pile
of concrete and bricks. Mr. Swalley stated that
it was his opinion that we had to bid on the
entire lot. Since there was this misunderstanding
it was decided to re-advertise asking for bids
separately and together, bids to be opened by St.
Committee on Sept. 17 at 12 noon.
The Mayor stated that he had had a phone
call in regards to Public Rest Rooms. No
suggestion was offered as to installing of same.
The Mayor requested the Council rescind
this action taken in March, which took the
taking of Town Coven from him, stating that it
was done through personal spite of one of
the Councilmen. The new Councilman being un-
familiar with this action, it was decided to
take no action at present.
Mr. H. W. Swalley requested that he had
been approached by a member of Smythfield
Women's Club in obtaining use of the room
in new Community Hall for a kitchen. It was
felt that no intelligent action could be
taken at this time.
Mr. Turner requested that 3 driveways
on Main Street had been made inaccessible
to the property by the raising of the sidewalks and the Contractor
said it was his responsibility to fix same. Mr.
Turner was asked to get in touch with W. S. Griffith,
Asst. Engineer St. Highway Dept. and find out what
State does in similar circumstances and to
follow as State does.
There being no further business the
meeting adjourned, after which bill for month paid.

PUBLIC WORKS

The Town Council held a special meeting Friday afternoon at 5:30, Sept. 23, 1949. Those present were Mayor J.W. Thomas, Councilmen C.W. Swathley, W. J. Hallway, R. J. Sells and Proxy of H.W. Swathley, appointing W. J. Hallway his representative, Chief H.S. Hubbard.

The Mayor stated the meeting was called to give the Council's wishes in hiring an attorney. R. Thomas stated he had ordered Mr. Hubbard to issue warrants against one brick mason and 3 helpers who were working Sunday on the property of Dr. Lee Parker Jr., since this was a violation of a town ordinance that prohibited working on Sunday except in case of emergency.

Mr. Hallway stated he felt this was a case of emergency, since the steps to a doctor's office were being laid at a time he did not have to give time and felt it to be a needless expense to the town to hire an attorney, as felt Court would rule an emergency existed.

After a general discussion, W. J. Hallway made motion, second by R. J. Sells that the summons be withdrawn on the grounds that these men had a right to work on Sunday on an entrance to a doctor's office, since a doctor's office was conducted which is necessary. C.W. Swathley second the motion, which was duly carried. There being no further business, the meeting adjourned.

W. J. Chapman
Clerk

The Town Council held its regular monthly meeting Tuesday night, Oct. 4, 1949, in the Council room. Those present were Mayor J.W. Thomas, Councilmen H.W. Swalley, J.B. Turner, C.W. Swalley, W.J. Hallory, R.J. DeLoe, J.W. Amos, Police Chief F.P. Chapman, Police Chief W.S. Haddock, Visitors D.J. Scott, C.L. Scott and K.J. Leahy.

The Mayor called the meeting to order and the clerk read the minutes of the last and special meetings, which were duly approved. Mr. Hallory reported that he had met with representatives of Lone Star Cement Co. on leasing land for town dump, but they would not grant permission for same, since their tenant of 30 years was appraised to same. The Committee was asked to continue until suitable place could be found.

A letter from League of Virginia Municipalities legal department was read stating their opinion the town could appropriate money towards Community Hall.

The Mayor brought to the attention of the Council the need of preparing for 1950 Budget at an early date and all Committee heads were asked to present their expected expenditures to Finance Committee Chairman at an early date.

Mr. Turner reported that two bids were received on bids and broken concrete - C.W. Swalley \$165.00 and H.E. Stephens \$137.01, the bid of Mr. Swalley being accepted.

Mr. Turner also reported that his Committee had met with Engineer and Contractor on street improvement work, stating that additional work had to be done in addition to original contract. Some work on main street had to be delayed at a cost of \$11.00, the fault being with town and Contractor and the Contractor had agreed to take \$100.00 off this account leaving a balance due of \$4195.64, which his Committee recommended being paid. On motion made by H.W. Swalley, second by J.W. Amos the town was authorized to pay said Contractor a balance of \$4195.64.

Mr. Hallory read a letter from F. F. Jennings deputy State Fire Marshall to Fire Chief F.P. Chapman stating that he had noticed auto mobile being allowed to park in front of Baptist theatre and asked that town take the necessary action to eliminate this condition. The Police Chief was asked to keep this area open at all times.

N. Hallows asked that the town refrain
 from laying permanent construction curb or sidewalk
 and curb & gutters under Lane a 30' right of way,
 which state requires town taking over a street;
 the Highway dept. being allowed to take over as much
 as 1/4 mile of streets each year. N. Town stated
 that it was cheaper to the town to do the work
 on Cedar street now, when the hill works badly and
 that state would take over at any time there
 was a 30' right of way regardless of sidewalk,
 curb and gutters.

N. Town reported that he had a
 bid from E. J. Cornwell for grading, servicing,
 graveling and laying of two curbs on
 Cedar street for \$844.75, then his 1007 sq.
 yards; N. Lippin, dist. Engineer recommending
 accepting this bid. On motion made by J.W. Burr,
 for city, second by J.W. Burr the State
 Committee was authorized to accept this bid
 and at same time to add and put a right of
 way of 30' from property owner on Cedar
 street where needed.

The Mayor extended an invitation to
 Council from Virginia Highway Conference to
 their institute which will be held at U. M. I.
 Oct 20 & 21st.

N. ~~Town~~ presented for U. E. S. Co. their
 request for a easement across Community
 Hall to J. G. Scott's new printing shop.
 W. J. Hallows, C.W. for city and K. J. DeLoe
 were appointed as a Committee to meet with
 U. E. S. Co. and decide on granting the above
 request.

N. Leachy presented the Community Hall
 plan and a general discussion was held in
 regards to adding the kitchen and frame work
 of stage at some time eliminating some un-
 necessary expense. N. Leachy was asked to draw
 up plans for same in order that they might be
 presented to the Contractor and get the cost
 of this construction.

The Treasurer reported a balance of \$46,239.63
 in Community Hall fund, \$5760.00 being turned in
 by Leo W. Hays and \$450.23 being turned in by
 J. M. Bennett.

The bill for the month was presented and
 ordered paid. There being no further business the meeting
 adjourned. J.W. Burr, Chairman, Clerk

N. Hwy. Swalley reported he had talked
with N. D. A. Damer two weeks ago but had
had no definite report from him. N. Swalley
was asked to continue on this committee.

Mr. C.W. Swalley reported that Mr. N. K. Jones
had not turned over the deed to the property for
was demanding status be set up on the
line, which his committee planned to do this
week.

The Clerk reported she had ordered
the furniture for Council room, Mayor and Police
offices.

Chief Hubbard stated the Police Car
needed two new tires and a heater. The
following bids were presented - Springfield Motor
Sales & 1 tire: \$12.20, 1 heater \$30.88; Town
Cox - 1 tire: \$13.00, 1 heater \$25.00; Swalley
Motor Co. - 1 tire \$12.00, 1 heater \$24.75. The
bid of Swalley Motor Co. is the low bid, it
was accepted.

The budget was presented and on motion
made by J.W. Amer. second by J.L. Town was
accepted and approved with changes being
made in Community Hall fund, after which some
was to be published and public invited to
a hearing at the regular Council meeting on
Dec. 6, 1949.

Dr. Amer stated that the ditch that
drains from T.S. Barrett's Book Shop to Cedar
Street was badly in need of repair, the retaining
wall being broken and bottom of ditch being
cracked, there being about 30 yds. of 2 ft. wide
ditch needing to be reconstructed. Dr. Amer was
asked to put 3 prices on having same fixed,
from the low bid to the contract.

The Town reported that the drain
pipe coming from the street under Ford
Barrett's Book Shop was broken which was
undermining some of the buildings and should be
repaired, also he would like to have 4 or 5
pipes from street to Denmark's Lane in order to
widen the entrance.

Dr. Amer reported that the catch
basin on Cedar Street was dangerous. The
Council adjourned, after making plans for moving
paid to investigate and suggest remedy to
of Com. Hall, above mentioned condition.

Clerk

The Town Council held its regular
monthly meeting Tuesday night, Aug. 6. 1945.
in the Council Room, City House. Those present
were Mayor J. W. Hunter, Councilmen O. J. Allen,
W. J. Hallberg, J. E. Turner, C. W. Swafford, J. W.
Allen, H. W. Gaultney, Police Chief W. A.
Haskard.

The minutes of the 1st meeting were read and approved.

had no reply. R. T. Horn reported that a temporary survey had been made of Cedar street and Cedar street extended, the plat being presented to Council and being discussed at length. In motion made by W. J. Hallows, second by R. J. Bell the street committee is asked to obtain a proposed cost of the widening of Cedar street from Main street to Greenwood street.

Mr. Halloway reported that he and Mr. Clark had met with the City Executive Com. and they agreed to let the Town to hire a man, whose duties would be to keep the Fire Equipment in first class order, keep all records, keep the department alive and inspect all hydrants. Mr. F. P. Chapman would be available for the job at \$50.00 a week & the Fire Department would pay half of his salary. Mr. Town stated that the Town force had looked after the equipment up to a year ago and would have time to do so now and that a paid man would bring in friction between Town and the department. Mr. W. J. Walcott stated that if the insurance rates would be lowered he felt the Town could hire a man, altho the Town was running a deficit for the next few years, but it was found out that a man had to be on duty 24 hrs. a day at the same high insurance rates would be lowered. It was decided that Police Chief would take on the duty of looking after the Fire Equipment - starting the Truck every other day, drying the hose - and that the Fire Department would continue as is.

A letter was read from Dr. J. B. Trower giving
 Library Socy. asking the Town to contribute the \$25.00
 a month donation and the Trower report for the
 year 9/1/88 - 9/1/89 showed a balance of \$195.29 in the general
 fund and \$468.48 in the special maintenance fund. On
 motion made by Mr. J. W. Smith, second by J. B. Trower it was
 unanimously decided to contribute the \$25.00 a month donation
 for one year.

The budget for year 1950 was presented for final presentation and unanimously accepted and adopted. 53

The Town reported that the Junior Women's Club had disclosed that they had paid to Town \$14.38 for amusement tax in Jan., 1948, and the entertainment had been billed out by Town. No action was taken.

On motion made by J.E. Town, second by C. Swath, the Town was authorized to pay N.S. Hubbard an income of \$25.00 per month as of Oct. 1, 1949, on per agreement with Dr. Hubbard when hired.

A bid from Lake Electric Co. on installing and moving the Church lights of \$130.00 was presented. It was brought to the attention of the Council that Lake Electric Co. had no electrical contractor's license for year 1949 and the C.W. for a while rejected this. Dr. Thompson did not want the job. It was decided to offer \$150.00 to Lake Electric Co. for the job, requiring that they purchase a license at once.

On motion made by W.D. Hallway, J.E. Town seconding it, Dr. H.S. Stephens was appointed Town Attorney, to be paid his fee for each job.

Dr. C.W. for a while presented revised plans for the room of Town and Mayor & Police at Community Hall which the Council approved.

There being no further business, the meeting adjourned.

The Town Council held its regular monthly meeting Tuesday night, Jan. 3, 1958 in the Council room in the City Hall. Those present were Councilmen J. E. Tuom, J. W. Anon, W. J. Hallway, C. W. Swallow, Attorney H. S. Stogdun, Fire Chief F. P. Chapman, Police Chief H. S. Hubbard and visitors J. J. Scott and Glenn Scott.

In the absence of the Mayor W. J. Hallway was elected President pro-tempore.

Mr. Tuom brought to the attention of the Council that it had been illegal to raise the Mayor's salary, since the Charter stated the salary not to be over \$300.00 per year. On motion made by J. E. Tuom, second by C. W. Swallow, the Attorney was asked to take the necessary steps in having an emergency amendment to the Charter presented at General Assembly having the Mayor's salary not to exceed \$600.00 per year.

On motion made by J. W. Anon, second by J. E. Tuom the action taken by the Council at the Oct. 11 meeting in raising the Mayor's salary to \$500.00 per month was rescinded until it could be made legal by amendment to town Charter at the General Assembly.

The Attorney brought to the Council's attention that the Town could petition the Court requesting the trying of Cases by Trial Justice one day a week in the Town, with the fees continuing to be paid to the town and the cost to the state. At the same time the Town could ask the Compensation Board for additional funds for Trial Justice.

Mr. Hallway reported the Fire Committee, a subcommittee of the Council, had met the second time with the Board of Directors and Executive Board of American Red Cross for department and it was the Fire Department's opinion that the Police did not do anything in the actual functioning of Fire Equipment and that the Firemen did not have the time; The Board of Supervisors of the County were in favor and would pay 1/4 of the salary for a man, the Firemen 1/4 and the town 1/2. Mr. Hallway also stated that Police had 4 paid men which ^{are} not in place in the Volunteer group. The paid men's duties were to be the training of the personnel, keeping the group active, keeping the equipment in top shape, solicit funds from outside sources to right work except in case of an emergency. The Fire Committee was unanimous in recommending to Council that they participate with the County & Fire Department in full time man Mr. F. P. Chapman the man being available and selected. Mr. Chapman was called by the Board of Supervisors and paid their donation and

paid on mater. made by J. S. Turner, send by W. J. Holloway.

Mr. C. W. for attorney asked the Council if they wanted to put asbestos shingles instead of asphalt shingles on the Community Hall at an additional cost of \$600. On mater. made by J. S. Turner, send by W. J. Holloway it was decided to use the asbestos shingles.

Mr. for attorney presented Mr. Keas figure of \$3,319.84 for the kitchen. It was decided to wait in the kitchen until Town found out how much additional money would have to be borrowed to pay for present building and at the same time Mr. for attorney was given the authority to cut on the light fixtures.

Mr. J. C. Deatt was asked to write an article in the next issue of American Field Times appealing to the unpaid pledges and giving the figure in a kitchen.

The Clerk reported that Mr. F. M. Barrett and Mr. J. F. Whitley Jr. were interested in renting the office in the Fire House when available.

Mr. Haddock reported on inspection of fire hydrants and the Clerk was asked to write R. R. T. Deek, President of American Field Water Co. informing him of the conditions and asking that steps be taken immediately for correction.

Mr. Holloway asked that the Council think of means of additional revenue to the town, such as parking meter and as Perry, who is now requiring permits for additional buildings or buildings costing \$500 or more, which brings to the Commission of Revenue additional assessments.

There being no further business, the meeting adjourned.

J. A. W. Chapman Clerk.

RESOLUTION OF RESPECT

At a called meeting of the Council of the Town of Smithfield, held in the Council Room on January 20, 1950, the following resolution was unanimously adopted.

WHEREAS, On the 12th day of January 1950, it pleased our Heavenly Father to call to his reward, J. Waverly Thomas, Mayor of the Town of Smithfield, and

WHEREAS, we, the Council of the Town of Smithfield deeply feel the loss of our esteemed friend and associate, and

WHEREAS, we, his associates desire to commend his life and character as worthy of emulation,

NOW THEREFORE BE IT RESOLVED; that we cherish his memory and association and declare he was ever found to be a gentleman of the highest quality, always interested in the welfare and happiness of his fellow man - courageous in his stand for the right and consistent in his condemnation of the wrong. He was a scholar that never ceased to add to his great store of knowledge - knowledge that revealed the history and deeds of a community he loved so well. He was a gentleman of culture but could appreciate the frailties of the less fortunate and his departure from this natural life is, and will be felt in this community beyond comparison, but ~~that~~ we bow in submission to the will of our Heavenly Father, remembering that ~~he~~ is "too wise to err" and "too good to be unkind".

IT IS FURTHER RESOLVED, that the Council of the Town of Smithfield extend their heartfelt sympathy to his family,

BE IT FURTHER RESOLVED, that the Council of the Town of Smithfield cause this resolution to be spread on the Journal of the Town, a copy be published in the Smithfield Times and a copy be sent to the bereaved family.

MAY 29TH.

Miss Ida Wright Chapman
 Clerk & Treasurer
 Smithfield, Va.

Dear Sir:

The annual state-wide central police training school will be held at State Police Headquarters for two weeks, May 29th to June 9th.

No registration fee will be charged and the only cost will be \$30.00 per man for the two weeks period to cover the estimated cost of room and meals. The school will be conducted in the same manner as in previous years and will embrace a thorough course in practical police administration, under the supervision of a large and capable staff of instructors.

Applications for the school will be honored in the order in which they are received, up to the maximum capacity of the school. This letter is being sent to key officials of the cities and towns and also to chiefs and sergeants with the request that you make a special effort to arrange for your new men particularly and also your older men who have not attended the school, to take advantage of this course of instruction. Nearly eight hundred men have gone through this central school in previous years and we would like to have every department represented as fully as possible.

Hon. Howard W. Gwaltney, Acting Mayor
Town of Smithfield,
Smithfield, Va.

Gentlemen:

If someone offered you a thriving, profitable business for absolutely nothing, but 50 per cent of the profits for approximately two years, after which the business would be entirely yours, would you accept?

Perhaps not without investigating first, but after finding everything the offerer said to be true, you would accept and enjoy the profits of the business thereafter.

That is precisely what we propose to do, put your City in a business that not only has proven very profitable in the past but will regulate that curb parking "headache" at the same time.

Mi-Co Parking Meters cost the City absolutely nothing since we prepay freight and installation charges and then upon turning the entire working system over to the City ask that we be repaid only 50 per cent of the revenue derived from the meters until the purchase price is met. After our share of the revenue equals the purchase price, title to the meters automatically reverts to the City.

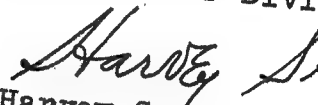

The Mi-Co Parking Meter costs only \$58.50 each installed and ready for operation and when the Mi-Co installation is made it is complete with collection system, equipped service kit, spare meters, etc. The service man you select will be given a complete service course at our factory and at our expense. The installation of the meters is made by one of our engineers who will see that the entire system gets under way properly and ads will appear in the local newspapers showing the motoring public how to use the meters properly. All this is included in the installed price.

Cities that already have paid should also investigate Mi-Co install the low operating cost of this meter to bring in the most revenue year after minimum of servicing. The simple, run out of order and when a service call made right at its location and no reveal City. The collection system is designed it is not necessary for a City employee to keep the meters functioning properly the timer by a simple turn of the hand in the same amount of time consumed in

Yes, the Mi-Co parking meter has of over ten years in high earnings and May we be given the privilege of furnishing and figures on Mi-Co Parking Meter operation

Yours very truly

THE MICHAELS ART
Mi-Co Meter Division

Harvey S. Gill

HSG:es

P.S.

If the City or Town elects to install the price will be \$54.50 F.O.B. destination price includes Meter heads, pipe standards

Ask the City

that has had meters in service five years or more

Here's the one sure way to settle the question of how well a meter performs over a long period of time, and whether or not it will earn as much five years after installation as it did the first year.

And by asking the city that has had meters in service five years or more, you can settle other questions, too. For example: The all-important matter of maintenance over a period of years. The ability of the meter to absorb punishment year after year without breaking down. How it behaves under varying climatic conditions.

You will get a good idea of a meter's worth when you check reports from cities where they have been in operation for five years or more.

In this respect, MI-CO Meters have an enviable record of dependable operation and low cost maintenance. Some MI-CO installations are ten years old, with earning capacity undiminished, and where upkeep expenses continue to be unusually low. We'll be glad to send you these reports, and to give you a list of MI-CO installations of five years and over so you, too, can check with them.

Why take chances? Play safe by installing dependable MI-CO Meters—the meter with a background of ten years of reliable service.

Parking Meters earn more because they cost less to maintain

Parking Meters Collect \$379,063

Revenues collected from parking meters installed in Oakland amounted to \$379,063 during the fiscal year ended July 31, 1949, according to a report made public today by Dudley W. Frost, manager of the Downtown Merchants Parking Association.

Frost, in a letter to D. W. Henderson, association president, pointed out that when the first meters were installed in April 1947, it was expected that they would help relieve traffic congestion, but would not raise revenue.

Frost's report, based on figures prepared by Jay Czizek, Oakland traffic engineer, who laid out and planned the meter installations, show that collection and repair costs in Oakland surprisingly have proved from 5 to 10 per cent lower than in various other metered cities.

According to a study in The American City, a national publication which surveyed meter figures in cities throughout the nation, collection and maintenance costs vary from 12 to 17 per cent of the collection return in the cities studied.

In Oakland, with collection expense amounting to \$12,640 and maintenance expense running to a figure of \$17,183, the \$29,823 total amounts to only 7.8 per cent of the meter revenue.

Oakland (California) Tribune
Tuesday, Aug. 16, 1949

It's a matter of economics. Keep operating costs down, and all other things being equal, earnings will take care of themselves. Not only in Oakland, but in every installation MI-CO Parking Meters are doing a good job. They are built to withstand punishment, and cost less to maintain because they are seldom out of order. As a result, their operating hours are more productive. Furthermore, maintenance will be just as low, and earnings just as high ten years from the time they are installed. Worth considering, isn't it? If your plans call for metered parking or the installation of additional meters, MI-CO has some very interesting figures to submit. May we send you all the facts?

Here are some of these reasons - and all are beneficial to your local community. We welcome the opportunity to go over them with you in detail!

1. One Alfco Twin parks 2 cars instead of 1.
2. Alfco Twins cost less to buy.
3. " " cost less to install.
4. " " cost less to maintain.
5. " " cost less to service (collections, etc.)
6. " " cost less to police.
7. " " provide more space for motorists.
8. " " provide better vision of traffic lanes.
9. " " help reduce traffic congestion.
10. " " help reduce traffic accidents.
11. " " help move traffic faster, more safely.
12. " " reduce sidewalk encumbrances.
13. " " improve appearance of city streets.
14. Alfco Twins win the good-will of your motoring public, because the Twins provide more space for entry and exit without reducing the number of parking spaces.
15. Alfco Twins are available in models to suit your needs for parallel, angular, or for off-street parking lots.

Alfco Twin Automatic Meters are the greatest innovation in metered parking control because one Twin Meter does the work of two ordinary meters at about half the cost of initial purchase, at one half the cost of installation, maintenance, servicing, and collections, yet serve just as many parking spaces with greater convenience to citizens, and enhance the good looks of city streets, and parking areas.

Alfco Twin Automatic Meters are the most economical to purchase and install because in addition to all these other advantages, they pay for themselves in about one half the time required to pay for the ordinary meter which parks one car only.

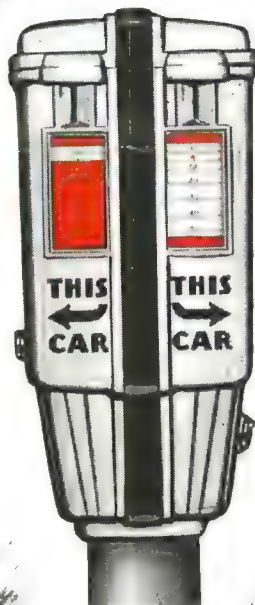

Orders are now being accepted. Write for detailed information.
